The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

Dear Sir or Madam,

The below listed articles will be supplied in a modified version. Please pass this product information on to your employees and to your customers. All modifications are performed for reasons of engineering progress and continue to fulfil or exceed all specifications.

The controller class 1xx undergoes a hardware technical revision. The device receives a new Flash memory. A new hardware revision and a firmware version (the functionality is identical to 4.42) will be created in the context of the review. The compatibility regarding to the hardware is ensured. The 6 month waiting period are not observed, because the abrupt Micron Flash announcement compromises the ability to deliver.
