Dear Customer,

Knowles semi-automated production lines, summarized in above list, were facing a very low utilization level. Considering the business requirements, we hereby announce the EOL of the components.

We would like to draw your attention to send us your last buy order, including your future service demand no later than 15th Jul, 2016 to ensure our EOL inventory can cover your future needs with our last time build. Please kindly note that the last buy order is not cancellable and not returnable.

Of course we are interested in future business with you, your Knowles Key Account Manager will contact you to discuss further projects and other possible products for your applications.

We would like to point out and express our thanks for your confidence in Knowles Sound Solutions and the great cooperation for the many years. We will work closely with you to ensure a very smooth phase out of this part and appreciate your understanding.

Sincerely yours,

Jerry Chuang
