General overview

phase-out of current chip technology
OSLON Black / OSLON Black flat

LY H9GP
LY H9PP

Strategic phase-out in terms
of long-term product phase-
out.

OSLON Compact PL: improved
chip technology with improved Rth

KY CELNM2.FY

Proposed strategic
replacement products

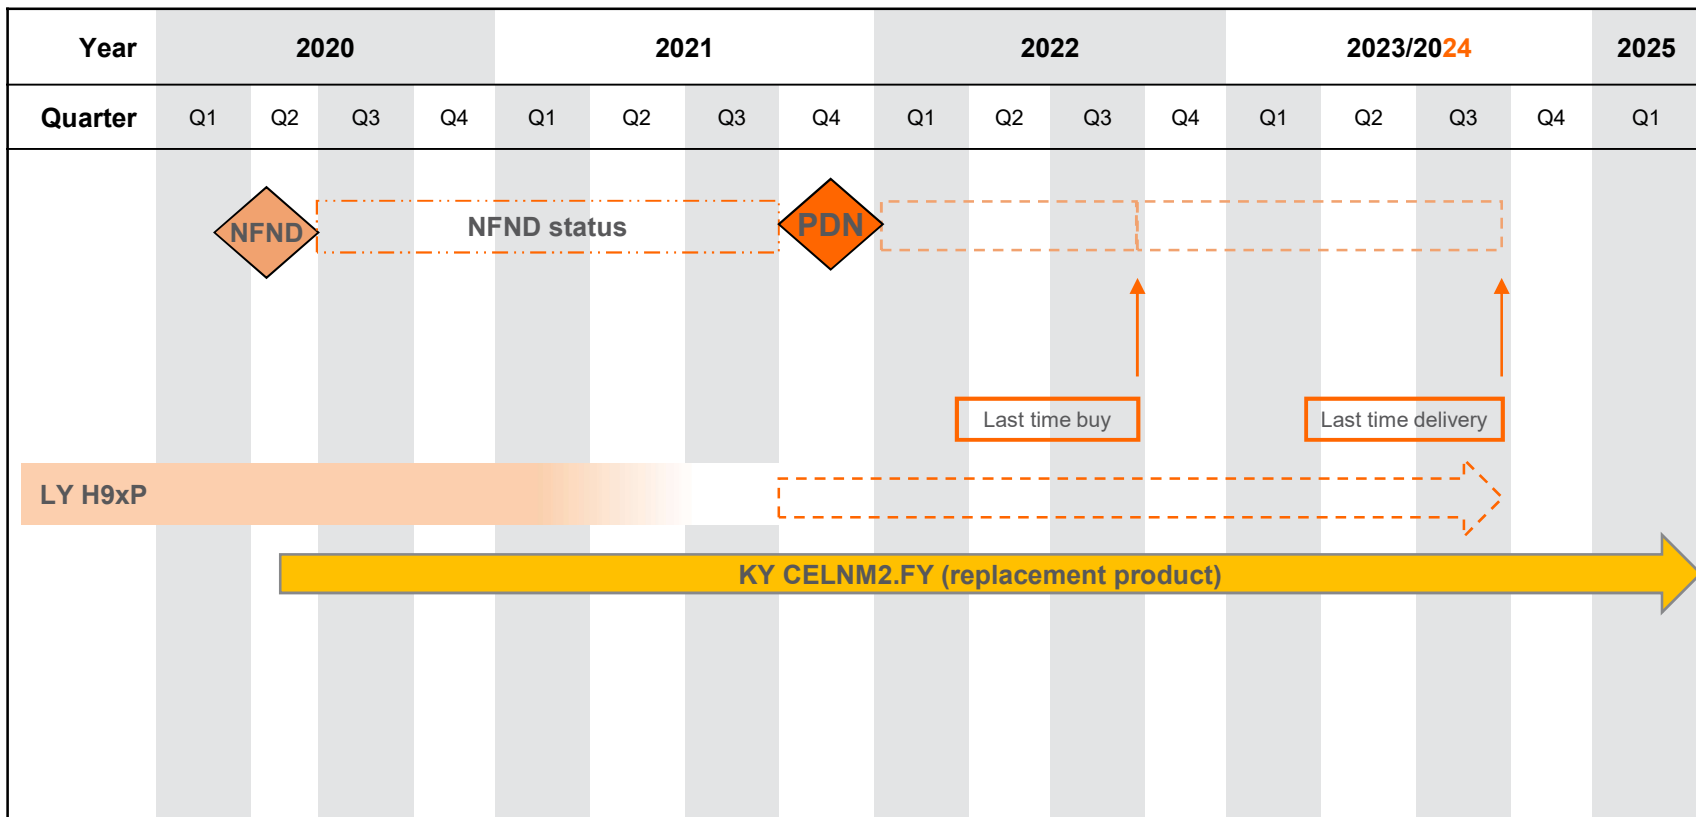

Target: The chip technology has reached its end of life. OSRAM OS offers a smaller and much more economic version in ceramic based ThinGaN UX:3-Chip design with even better performance. For new designs we propose to switch to Oslon Compact PL.

Benefits

- Smaller package
- improved thermal management
- comparable optical design
- Brightness increase at same binning current

3. Strategic Phase-out LY H9xP

Planned time scenario for product phase-out
