Phoenix Contact's factory has announced the following product(s) is going to be discontinued. Existing specifications will be met or exceeded. Technical support of the discontinued product will continue, as required. Please review and acknowledge this document and take the appropriate action with respect to your existing inventory and ordering replacement parts.

Description for Product Discontinuation
The original M12 HYBRID portfolio will be discontinued and replaced with an expanded and optimized product range. The new range will have standard M12 threading (discontinuation of SPEEDCON knurl), and upgrade the power wires from 20 AWG to 18 AWG. The alternative items are also now equipped with our patented Advanced Shielding Technology, and expanded to offer both angled and female versions. Special configurations and variants can be requested through the responsible sales personnel.

Stock Status
Can existing stock still be used? Yes
Is mixture of stock acceptable? No
