

## EZClean® 4100

Models may vary from the image shown

### The Slim, Compact and Covered Keyboard

CHERRY's EZClean® 4100 keyboard features a smooth silicone cover that's easy to clean with most standard medical cleansers and disinfectant wipes while providing an exceptional tactile feel. Traditional keyboards, and even some sealed, anti-microbial keyboards are vulnerable to germs and bacteria, especially in hard to clean areas. The EZClean® 4100 keyboard...just type and wipe.

Applications include mobile medical carts, patient rooms, nurse stations, triage stations, labs and high traffic areas with multiple users.

### Keyboard

- Individual keys with Gold Crosspoint contacts (ML technology)
- High level of reliability and precise tactile feedback
- Complete functions of a standard keyboard
- Lightweight
- Ideal for 19" rack mount, medical card and mobile applications
- Designed for continuous usage - over 20 million actuations per key
- Can be used with the standard drivers of the operating system
- Minimal space requirements
- Can also be delivered without "Windows® keys" (83 keys)
