Product Change Notification: P-15-012438

PCN Date: 17-DEC-15

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
RECPT. HSG. ASSY. 4 WAY

Description of Changes
We are using two labels with different QTY at production one label for shipping box and more labels for bags (unit packaging), there is a potential QA risk, that operator can mislabel the packaging and we want to avoid this situation and develop our process. So we would like to pack the parts only in a bag instead of more bags so we could use label only with one packaging QTY. In this case the shipper pack QTY is equal to unit pack. QTY.
