Dear Distributor,

We regret having to inform you that Melexis stopped the production of above-mentioned products due release of our next generation product EVK75024-80-940-1 & EVK75024-110-940-1.

With the announcement of the EOL, we accept the return of your remaining stock, which will be reimbursed.

We highly recommend customers to use the next gen product, however for customer who still needs the EVK75123-60-850-1, EVK75123-110-850-1 and EVK75123-110-940-1 we will offer the part until our stock is fully depleted.

The current unit price, payment terms and shipment terms remain applicable.

For logistical follow-up and assistance with your orders or extra information about our next generation, please reach out to your distribution relations / sales contact at Melexis.  
In case of technical questions, please contact the undersigned.

Yours sincerely,
