

Product Change Notification

TE Connectivity

Product Change Notification: E-16-001544

PCN Date: 03-FEB-16

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
AMPLIMITE Vertical HD-20 PCB Connectors

Description of Changes
The drawings for the listed part numbers have been modified to correct following; Before: The boardlocks indicate a blind threaded hole. After: The boardlocks indicate a through hole below the threads.

Reason for Changes:
Document Clarification. The boardlocks were changed in 2012 from a blind threaded hole to a threaded through hole to avoid possible corrosion due to trapped plating solution. The assembly drawings were not changed to reflect the boardlock through hole at that time. This is simply a notification that the drawings are changing to reflect the now existing through hole in the boardlocks. There is no new physical change occurring.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments

The documents listed below are being modified. Related parts that are not explicitly listed on this PCN are not being modified or discontinued as per the PCN. The Last Order Date, Last Ship Date, First Date to Ship Changed Parts and last date for Mixed Shipments apply only to parts explicitly listed on this PCN.
Note: This PCN contains only document changes, these changes do not affect the form, fit or function of the parts referenced.
