

AVX Corporation
One AVX Blvd.
Fountain Inn, S.C. 29644

Date: July 31, 2020

Dear valued partner:

On April 10th, 2019, AVX published a product change notification regarding the impending discontinuation of a range of our AU series ceramic capacitors, to be effective July 10, 2019. On May 3, 2019, AVX announced that a subset of those values initially targeted for discontinuation would continue to be supported upon further review. I am pleased to announce that an additional range of part numbers originally noted as going end of life (EOL) has subsequently been reinstated, with no current plans to discontinue them.

Alongside this letter, please find an adjoining file entitled 'AU Series EOL PNs Reinstated PNs 7-31-20' for a complete listing of the AVX AU series capacitors that ultimately were and remain discontinued and those that have been subsequently reinstated and remain available for purchase/long-term support.

Thank you for your support of AVX.

Best Regards,

Kelly Geyer
Director, Americas Channel Sales
