**URGENT NOTIFICATION – Recall of Part Number ASPI-7318-R33M-T
Lot Code 130336 and 130536.**

Dear Valued Customer,

Abracon regrets to inform you that our factory has sent us a notice that they are invoking an official recall for the order 2903834 containing three reels of ASPI-7318-R33M-T, Lot Code 130336, and order 2841665 with three reels, Lot Code 130536 that were sold to Digi-Key. The parts are highly suspect of having a wrong inductance.

Please work with the end customer to appropriately quarantine any unused parts. Abracon is requesting if you could please submit an RMA request for the available inventory at <https://www.abraconlink.com/system/rma>. Abracon Customer Service will provide you with credit and any replacement re-orders. We apologize for this inconvenience and trouble.

Respectfully,

Francisca Robbe

Quality Engineer
