Re: End of Life Notice (EOL) for select high density COB SKUs: H12 and H15

Ref: BL-EOL-062817

This is an EOL notice for the Bridgelux H12 and H15 high density COB products. Last time orders must be placed no later than August 31, 2017.

Bridgelux is discontinuing the following H12 and H15 product SKUs from the H Series™ product family due to a reduced demand for these form factors. The H6 and H9 form factors will continue to be supported in the H Series family as demand for these form factors continues to grow. Bridgelux does not have equivalent replacement products for H12 and H15 form factors.

Form Factors	H12	H15
EOL Products	BXRH-27E6000-G-23	BXRH-27E8000-G-23
