Description of change:	<p>PCN is to inform about introduction of 2nd source memory for our Cinterion® ELS61-US Rel.2 module.</p> <p>DRAM memory product vendor announced PCN from beginning of 2022. DRAM vendor will provide new MID (Manufacturer ID) consequently.</p> <p>According to the product's datasheet, this 2nd memory source will not change the original memory functions and performances at all, and the customer's module design will not be affected. Telit Cinterion technical team qualified the new memory source successfully.</p> <p>To be compatible with this 2nd memory source, the software of Telit Cinterion modules will have a minor adaption to identify the new memory MID. Telit Cinterion will introduce the new FW to the above product listed.</p> <p>The new software application string is:</p> <p style="text-align: center;">SVN 08 Rev 02.014 ARN 01.000.06</p> <p>The new FW has been certified with PTCRB/AT&T approvals.</p> <p>No regulatory certification update required.</p> <p>If there are further questions, our FAE team who offers comprehensive customer support, should be contacted.</p>
Schedule details:	
Availability of SW for evaluation:	CW10/2023
Availability of modules ex Telit cinterion Deutschland warehouse:	CW15/2023
Timing note:	If Telit Cinterion Deutschland GmbH does not receive a notification to the contrary within a period of 6 weeks, Telit Cinterion Deutschland GmbH assumes that the customer agrees to the change.

**Quality assurance
measurements:**

The new version fulfils all internal test requirements according to our Quality Management process and philosophy.
