

This vise-style MR1 hand tool is designed to crimp various AMP Picabond connectors onto 19 - 28 AWG wires. This crimper also features the following:

- Moveable anvil and two fixed dies crimp the connector perfectly every time
- Rubber wire supports hold wire in place while crimping
- Built-in wire cutter locates the connector on the anvil and cuts excess wire during crimping
- Vise-like handle snaps into place, ensuring highly uniform connections with every crimp
- Fixed handle provides additional support during crimping
- Compatible with AMP Picabond Connectors with the following stripe colors: Orange, Green, Purple, Red, and Yellow
