| 2. Description of Changes/News  |
|---|
| <p>The standard for PG threads, DIN 46320, has been withdrawn in the year 1999. It has been replaced by the international standard for metric threads, IEC 62444. To apply this change, we will discontinue all parts with PG thread in the Han EMC range and recommend using metric threads. To replace a PG thread by a metric thread, the following diagram can be used:</p> |
