New designed carrier tape for SOT1375

Information Notification

A new designed carrier tape will be introduced for SOT1375 production. This will be done, to reduce the possible risk for die rotation issues as well as wrong orientation in the carrier tape pockets of the reels after taping, to avoid pick up failures during customers SMT.

Why do we issue this Information Notification

To inform our customers about the improvement of the carrier tape design.

Identification of Affected Products

Product identification does not change

Impact

no impact to the product's functionality anticipated.

Data Sheet Revision

No impact to existing datasheet

Disposition of Old Products

Existing inventory will be shipped until depleted
